Projects

Urban Ads Check (https://urban-adcheck-web.vercel.app)

- Landing Page & Additional Pages: Coded using Tailwind CSS and Next.js.
- Dashboard: Fully developed for three panels (e.g., Admin, Client , WatchDog).
- API Integration: Seamlessly integrated APIs with the dashboard for dynamic functionality.
- Pricing Page: Designed and implemented with API integration for real-time data.
- Framework: Utilized the Next.js App Router for efficient routing and performance.

Lanza Jobs (https://lanzajobs.com/en)

- Landing Page: Developed a responsive landing page using Tailwind CSS.
- Markdown Integration: Designed key pages using Markdown for simplicity and flexibility.
- Profile Pages: Re-coded the Profile Edit and Profile Details pages for enhanced functionality and user experience.
- Bug Fixes: Collaborated with testers to resolve several bugs, ensuring a smoother application flow.
- Multilingual Support: Utilized useTranslation to translate pages into multiple languages, improving accessibility.
